BANKING STRATEGY & TRANSFORMATION - CONTRACT 3 MONTHS

We support our partner Equip / IT-Suppliers in sourcing one of their contracting requirements for a Financial Service customer in Zurich.

MANAGER - BANKING STRATEGY & TRANSFORMATION - ID: 52

RESPONSIBILITIES:

- Advise clients on strategic projects in a challenging and rapidly changing environment
- Adapt business and operating models with regards to organizational, process and technology related aspects
- Lead large-scale projects and multidisciplinary teams in a global environment
- Show entrepreneurial mindset and develop new business ideas
- Put your talents to use and drive innovation
- Develop team members.

YOUR PROFILE:

- Bachelor's degree and very good academic record required; master's degree typically preferred
- Substantial banking industry and/or consulting experience, good understanding of business operating models, processes and banking platforms/systems
- Strong track record on management and implementation of projects in international environments
- Good understanding of technology-related aspects (e.g. digitalization) and technical skills
- Strong analytical and quantitative problem-solving skills
- Ability to work collaboratively in a team environment and with people at all levels in an organization
- Ability to communicate complex ideas effectively, both verbally and in writing, in English and preferably in German.

YOUR PERSPECTIVE

An interesting project of at least 3 months, possible to extend.
