JOIN A DIFFERENT TEAM! Our client is one of the leading companies in Switzerland in the management of information systems. This company, made up of passionate specialists in advanced IT infrastructures, enables its clients, through its professional services, to focus on their core business. Our client is now looking for an:

OPEN INFRASTRUCTURE CONSULTANT

BASEL, ZURICH

OR BERN

TASKS AND RESPONSIBILITIES: As a member of the consultant team located in Basel, Zürich or Bern, you will have the opportunity of experience a rich and stimulating job that combines consultancy missions with customer workshops. You will contribute in a responsible and independent way to the success of project implementations based on open source technologies. As a key person, you accompany our customers on site in the different phases of projects

PROFILE: You specialize in designing, implementing, maintaining and optimizing open source based infrastructures.

- Teamwork is something you like but you are also able to work on your own.
- You speak **fluent** German. English skills are a prerequisite.
- Ideally, you already passed a Linux or PostgreSQL certification

WORK EXPERIENCE AND EDUCATION: You have proven skills and experience that you would like to develop further through projects using the following technologies:

- Community PostgreSQL + tools
- EDB Postgres + tools
- pgpool-II
- Open source database systems in Docker environments
- MariaDB, Galera Cluster and Cluster Control
- All flavors of Linux

WE OFFER: Joining our client means integrating a dynamic company with highly skilled experts, allowing you to develop your technical knowledge in a very motivating environment. This fast-growing company will provide you with a wide array of internal and external development courses and is labeled as a "Great Place to Work" thanks to its excellent working conditions.

Note : If you have any questions or would like to know more about this position please contact Jean-Francois Garcia by Email- garcia@addexpert.ch or call Tel. [+41 58 521 51 75](tel:+41585215175)
